The Oregon Gateway for Business and Education

<http://oregongateway.trainingmatrix.com>

The Gateway Project, developed by the Enterprise for Employment and Education and supported through a \$2.76 million grant from the U.S. Department of Labor, connects businesses to cutting edge training through the Oregon Gateway for Business and Education portal and the Advanced Manufacturing and Technology Institute.

Additional workshops are now forming:

- JavaScript • Actuate • Crystal Reports • Intro to Graphics • Photoshop I, II • PMP Project Management • Oracle • Electronic Imaging • Dreamweaver • Video Editing • Visual Basic • Quark XPress • C++ Programming • HTML • VB Script • Flash

Classes and workshops:

- Are offered at times and locations to fit your schedule: days, evenings and weekends
- Last for one day or for several weeks
- Begin throughout the term
- Are taught by skilled practitioners in their field

Customized options & lab rentals:

- Do you have employees who need training?
- Do you want to send your staff to training that is customized specifically for your group's needs?
- Do you already have an instructor and are just needing a computer training facility?

Contracted group training features:

- Instruction delivered at one of our campus labs or at your worksite
- Hands-on training using our equipment
- CEUs (continuing education units)
- Flexible scheduling for day, evening or weekends

Call the Computer Technology Training Center at 503-315-4265 for more information on computer solutions for your business or personal computing needs.

To register for classes:

- Continuing/admitted students Register by web (Pipeline) or by telephone 503-399-6262.
- Non-admitted students Students who haven't taken a class at Chemeketa in the past year, call 503-315-4265.

Computer Technology Training Center

Bldg. 4, Rm 272 • 503-315-4265
4000 Lancaster Dr. NE, Salem, OR 97305

http://cttc.chemeketa.edu
e-mail: computer@chemeketa.edu

The CTTC provides quick, intensive and complete instructor-led training for business and home users. Our classes begin with the basics and move into high-tech certification preparation such as A+, Network+ , CCNA and Microsoft IT Academy. The CTTC will assess your staff's current skills and measure their success after completing our classes. If you don't see the class you need in our schedule, give us a call; we can set up a class for you. Many of our students have minimal or no computer skills. Whether you are a beginner or advanced user, we have classes that fit your needs.

Computer Technology
Training Center

Chemeketa Community College is an equal opportunity, affirmative action institution. For special accommodations, contact Disability Services, 503-399-5192, (voice TTY) at least two weeks in advance.
