Management Programs

go.chemeketa.edu/management
See also Accounting and Business Administration.

These program offerings include certificates of completion and two-year associate of applied science degrees. The 12-credit Sustainability in Management certificate prepares students to enter the business environment with a foundational knowledge of sustainability and responsible management practices. The 38-credit Retail Management certificate readies students for careers in sales and management. The Procurement Management certificate and the Procurement and Supply Chain Management degree programs emphasize skill development for those interested in pursuing a position in the field of procurement, including specializations in the areas of contract management, inventory management, materials management, production management, quality control/quality assurance, distribution, and transportation. As a graduate of Chemeketa’s Management AAS degree program, you may begin as a management trainee or other entry-level employee of a small business, mid-size organization, or large firm.

You may select individual courses to meet your needs, or you may work toward a certificate or degree.

For more information about these programs, contact program faculty Karen Edwards at 503.399.3996 or karen.edwards@chemeketa.edu, Laney Furr at 503.399.6163 or laney.furr@chemeketa.edu, Jason Jones at 503.399.6155 or jason.jones@chemeketa.edu, or Kristi Newton at 503.399.6238 or kristi.newton@chemeketa.edu.

Program Outcomes

Students completing the Sustainability in Management certificate should be able to:

• Demonstrate an understanding of sustainability through the use of terms and concepts
• Identify how sustainability connects to society as a whole
• Know and understand responsible management (sustainability, responsibility, and ethics) through the four functions of management: planning, organizing, leading, and controlling
• Understand sustainability-related issues and the impact on different organizations

Students completing the Management degree should be able to:

• Explain how the strategic plan of a business interrelates with functional areas in order to fulfill the mission and purpose of an organization
• Work as a team member and/or leader using effective communication strategies including writing, listening, speaking, negotiating, and persuading skills
• Use technology to produce, research, and interpret financial, marketing, or business reports
• Identify the legal, ethical, and financial consequences of decisions to business organizations

Students completing the Procurement Management certificate should be able to:

• Demonstrate a basic understanding of procurement and supply chain literacy through use of terms and concepts
• Apply math and computer skills requisite with industry expectations
• Apply industry standards in making ethical decisions in situations involving procurement and supply chain activities
• Use procurement sourcing methods to locate supplies or services through market research
• Apply project management tools and processes for on-time and on-budget completion of projects
• Relate contract administration and management activities to procurement practices

In addition to the Procurement Management certificate outcomes, students completing the Procurement and Supply Chain Management degree should be able to:

• Identify systems that track and control the acquisition and movement of goods and services
• Use communication skills with individuals and groups in procurement-related settings

Students completing the Retail Management certificate should be able to:

• Use communication skills with individuals and groups in retail settings
• Apply math and computer skills requisite with industry expectations
• Evaluate and select marketing and retailing strategies
• Apply basic accounting theory and practice to a service or retail setting
• Explain the impact, roles, skills, responsibilities, and accountability of supervisors/managers in managing, leading, and controlling human resources within an organization
**Getting Started**

The first step to entering these programs is to take part in an assessment process, which includes taking the college’s free placement test and meeting with Advising and Counseling Services. You may need to complete program entry requirements. Then your advisor will help you develop an individualized program of study, which may include one or more of the following:
