

The table below was downloaded from the GI Bill web site ([www.gibill.va.gov](http://www.gibill.va.gov)) and can be used to estimate when your October benefit payment will be received. To compute the approximate date that your payment will be released you need to find the **next business day AFTER** your "Transaction Date" on the WAVE Certification Transactions page. Then use the chart below to determine the anticipated date your payment will be released by Treasury in Austin, Texas.

In the case of checks, you will need to add 2 to 5 days to the date below. Payments made by Electronic Funds Transfer should be deposited on the day indicated or the following day. Some banks do not update accounts immediately so do not be concerned if the payment is not there on the date indicated below.

**A word of CAUTION--** Note that we say "Anticipated Date". Any number of things might happen to delay the benefit payment, please be patient.

NOTE: This table is for students receiving benefits under the Montgomery GI Bill (Chapter 30), Montgomery GI Bill/Selected Reserve (Chapter 1606) and Reserve Educational Assistance Program (Chapter 1607) only. At this time, Chemeketa Community College Veterans' Services DOES NOT have a timeline for the payment of benefits under the Post 9/11 GI Bill (Chapter 33).
