Introduction

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Act), originally enacted by congress in 1990, codified at 20 USC 129(f) as part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose specific information about crime and security policies on an annual basis. The original law, and subsequent amendments, was championed by the parents of Jeanne Clery, who was murdered at Lehigh University in 1986. Amendments to the Act in 1998 renamed it in memory of Jeanne Clery (The Clery Act).

In 2008, the Higher Education Opportunity Act (HEOA) (Public Law 110-315) reauthorized and expanded the Higher Education Act of 1965, as amended. HEOA amended the Clery Act and created additional safety and security related requirements for institutions of Higher Education. Recently, both Title IX and The Violence Against Women Act have both added additional requirements to Chemeketa to ensure safety to both students and employees. While many of these requirements do not take effect until next year, Chemeketa is making best efforts to comply with the requirements early.

The information contained in this report is provided to assist students in making decisions that may affect their personal safety when considering enrollment at Chemeketa Community College. The report also provides students/prospective students and current employees/prospective employees with information they may need to avoid becoming victims of crime on campus.

More information on the Clery Act can be found on the Department of Education’s Campus Security website: http://www2.ed.gov/admins/lead/safety/campus.html

Safety and Security at Chemeketa Community College is a community effort among our students, employees and volunteers. Safety and Security concerns are recognized as an important part of providing an appropriate learning environment. Chemeketa Community College, through its Public Safety and Risk Management departments, is committed to preserving a safe and secure environment on behalf of every person who learns, works or uses the facilities at the college.

Campus History & General Information

Chemeketa became a community college in 1970, and is currently comprised of the Salem campus along with the recent addition of a full service campus in McMinnville. The college also maintains outreach centers located in Woodburn, Dallas and Brooks. In addition, the Center for Business and Industry (CCBI) provides training in downtown Salem, and Chemeketa at Eola houses the Northwest Wine Studies Center.

The Salem campus consists of approximately 185 acres, nine major buildings and approximately 50 smaller buildings. Chemeketa, an open campus with no physical barriers between the campus and Marion county, is the third largest community college in Oregon, serving approximately 41,800 students per year.
Chemeketa’s Public Safety Office

The Public Safety Office is part of the College Support Services Division (CSSD). The Vice President/Chief Financial Officer heads CSSD, and reports directly to the President of the college.

Public Safety Office

The purpose of Chemeketa’s Public Safety Office is to promote and maintain the safety and security of persons who use the college, and ensure property owned by the college is secure. The purpose is accomplished by:

- Providing fair and impartial enforcement of college policies and traffic code;
- Providing assistance to students, employees and the general public;
- Prevention and detection of unlawful/unsafe criminal activity; and
- Cooperation with law enforcement/fire/emergency medical technicians at all levels.

Authority

Public Safety officers (“officers”) have authority to enforce all rules and regulations promulgated by the college, and in addition may make physical custody arrests for offenses committed in their presence. Public Safety employees respond to all manner of calls for service originating on property owned by the college.

Under Oregon Revised Statute (ORS) 341.300, the College Board of Education has adopted regulations governing the enforcement of regulation of traffic and parking of vehicles on college property. The above referenced statute, gives Public Safety officers the authority of peace officers in enforcing regulations adopted by the Board. The college has entered into an agreement with the local justice court to allow Public Safety officers and local and state police officers to enforce violations and laws contained in the Oregon Vehicle Code on college roadways and parking lots.

Officers are trained in a variety of law enforcement related topics, carry normal defensive weapons, including handcuffs, baton and pepper spray, and have received first-aid and Automated External Defibrillator (AED) training. Officers are not armed.

Duties

The Public Safety Office provides services to all outreach campuses and uniformed presence on the Salem campus from 5 AM to midnight. From midnight to 5 AM there is a contracted security company, every day of the year. Officers conduct foot, vehicular and bicycle patrols on the Salem campus. In addition, officers are in contact with Public Safety dispatch by radio, and also have radio communications with the local sheriff’s office, 911 dispatch centers, fire department and the college’s facilities department.

The Yamhill Valley campus has a Public Safety Office and is staffed during normal business hours (8-5 Monday through Friday) with an officer.

Among the services provided by the Public Safety Office are:

- Personal escorts during the evening or after normal business hours from buildings to parked cars;
- Distribution and tracking of college keys;
- Activate/deactivate access card and record access;
- Providing security for college facilities;
- Investigation of criminal incidents;
- Response to emergencies, fire and security alarms;
- Reports of injuries or illness;
- Investigation of traffic accidents;
- Report of safety hazards;
- Crowd control;
- Parking and traffic enforcement;
- Jump starts for dead batteries;
- Lost and found property;
- Delivering emergency messages;
- General information and other types of calls for service.

Chemeketa does not have residential housing facilities, either on or off-campus.
The Public Safety Office also administers a system of over 125 closed circuit television cameras to act as a deterrent to unlawful or unsafe activity and to identify persons who may be responsible for such activity.

Personnel from the Public Safety Office are available to address potential security or safety concerns in presentations to groups, or to assist in developing procedures to address concerns upon request. Additionally, Public Safety frequently provides trainings during fall in-service which is available to all employees.

The Public Safety Office has a close working relationship with the Marion County Sheriff’s Office. Sheriff’s deputies are stationed near the Salem campus and on the Brooks outreach center. They provide support for officers when requested. Both Chemeketa and Marion County share relevant information to apprise each office of information related to actual or potential criminal activity on campus, outreach centers or in the surrounding area. The Public Safety Office is also in contact with local and state police agencies concerning safety of persons and property at the college’s other outreach locations.

Several Public Safety employees are LEDS (Law Enforcement Data System) certified and have the LEDS available to Public Safety officers upon request. LEDS is Oregon’s data system for law enforcement and allows the college officers access to warrant/arrest information immediately, when needed.

**Reporting Crimes on College Locations**

Unlawful/unsafe criminal activity or emergencies should immediately be reported to the Public Safety Office, located in Building 2, on the Salem Campus, either in person or by telephone at **(503) 399-5023**.

The Public Safety Office may also be contacted to discuss security concerns. In the event of a situation believed to be life-threatening, such as fire or medical emergencies, the local Emergency Response Center may be reached by dialing 911 from any campus phone. The 911 Center has flagged the campus address so that any call from the college would alert the call taker to call the Public Safety Office to ensure our officers also respond. However, we urge anyone calling 911 with an emergency to also notify the Salem Public Safety Office.

Public Safety has 13 “Assistance Telephones” located through the Salem campus. Simply picking up a Public Safety telephone will place the caller in direct contact with the Public Safety Office. A review of Public Safety telephone installation is conducted on a continual basis to determine the appropriate location and number of telephones.

Telephones are standard equipment in college classrooms which can be used to call for assistance and act as a speaker to broadcast emergency messages in the classroom.

Public Safety employees respond to all calls for service, but do prioritize response in accordance with the immediacy of the situation and in consideration of the work load at the time the call is received.

**Response will be addressed under the following priority:**

1. Matters involving personal safety or violence;
2. Property crimes; and
3. General requests for service.

The Public Safety Office strongly encourages anyone who witnesses an unlawful/unsafe crime or suspicious activity, or has knowledge of criminal activity on college property to report that information either in person or by telephone in a timely manner. Signs are placed in college parking lots reminding people of the Public Safety telephone number and encouraging people to report suspicious activity. Reports by witnesses are kept confidential to the extent lawfully possible.

However, the college does not have any policies or procedures that allow victims or witnesses to report crimes on a voluntary confidential basis for inclusion in the Annual Security Report.
Although theft on college property is relatively infrequent, employees, students and visitors are encouraged to take responsibility for their personal property by not leaving items of value unattended, either in college buildings or parked vehicles.

Reports are written to document activities of the Public Safety Office and are subject to Oregon’s Public Records Laws. These reports are maintained in a computerized database and copies are provided to the Marion County Sheriff’s Office. Stolen items identified by a serial number are entered in a nationwide law enforcement database to assist in potential recovery of those items.
Crime Statistics

The following tables of crime statistics reflects the criminal offenses required to be reported by the Act. They are tabulated from statistical information compiled by the College Public Safety Office. Information used by the Public Safety office is collected from reports received by the Public Safety offices, various campus security authorities and from state and local law enforcement agencies.

General Safety
Safety of students, employees and visitors, by college policy, is a major consideration of the college. It is important for students, employees and visitors to be aware that the college property, like the community in general, may not be completely free of criminal acts. Chemeketa and its administration strongly believe everyone has a role in providing a safe learning environment. The college community should use common sense precautions to avoid becoming a victim of a crime. Consider the following suggestions:

- Avoid walking alone during evening hours;
- Park in well-lit areas;
- Be aware of your surroundings, and don’t act like a potential victim;
- Scan the interior of your parked car before entering;
- Do not leave personal items unattended, either in parked vehicles or college buildings;
- If appropriate, contact the Public Safety Office for an escort to a parked vehicle;
- Notify Public Safety at (503) 399-5023 of suspicious activities or people.
(See Appendix G, policy #2410)

Access to Campus Facilities
Chemeketa’s Salem and Yamhill Valley campuses are open campuses, and do not have on or off-campus housing facilities. Buildings at the Salem campus are generally open only when classes are scheduled. When the campus is closed, all exterior doors are locked prohibiting unauthorized entry. Buildings are locked and the campus is closed between 10:00 PM and 6:00 AM each day and all day on Sunday and holidays. (See Appendix E, policy 2280). On the main Salem campus removable bollards are placed at strategic locations to prevent non-emergency vehicles from entering college property when the college is closed. Entry to buildings by authorized persons outside of normal business hours is possible by using an issued key or electronic access card, or by calling Public Safety Office. Keys and access cards are issued upon approval by the appropriate administrator and approved by the Public Safety Office. (See Appendix E, policy 2280)

Access to buildings at outreach campuses is normally controlled by the dean of each location.

Chemeketa Crime Awareness and Prevention Programs

Public Safety provides weekly notification of campus crime information in the Courier, the student newspaper, which is printed during the traditional academic year. In addition, articles related to personal safety, protection of personal or college property and general safety-related issues are also published in the Courier. This same type of information is also included on the employee intranet system, Employee Dashboard.

Other appropriate steps are taken when necessary to issue a timely warning of a crime that is deemed to represent a threat to students and employees to aid in the prevention of similar crimes. The college has a 10 "Emergency Broadcast Telephones", one at each outreach center/campus and two Emergency Broadcast Telephones on the main Salem campus. These Telephones had a variety of pre-recorded messages as well as the ability to have a spontaneous message as the situation warrants. Employees are trained on the Emergency Broadcast Telephones and live tests are done on a regular basis. The college upgraded it’s broadcasting system to increase the number of speakers in the buildings and add speakers to the exterior of building ensure all may hear emergency broadcasts.

The college has a variety of pamphlets related to personal safety issues that may be obtained from the Public Safety or Student Life offices. The college encourages students and employees to participate in public safety sponsored crime awareness programs, by accessing various college communications:

- Chemeketa Courier
- Division newsletters
- Pamphlets on Harassment and Personal Safety
- Department presentations addressing specific concerns
- Chemeketa Employee Dashboard
- My Chemeketa for students
- New Employee Orientation and New Student Orientation
- College produced video “Run, Hide, Fight”

The Public Safety Office may provide or coordinate presentations on crime awareness, personal safety and other related topics on request.

During the last year Public Safety trained:

- the Exempt Association members, which is made up of all college administrators
- Student Leaders at their introductory training
- Faculty groups
- Personal Safety Training to employees with college video – Run, Hide, Fight during fall Kickoff.

In the fall of 2013, the college Public Safety Office sponsored the Second Annual Public Safety Fair on the new Quad of the Salem campus. The day-long event was attended by Salem Police Department, Marion County Sheriff’s Department, Oregon State Police department and several local fire and emergency rescue agencies. The event was well attended by both students and employees. This event is planned again for the spring of 2015.

Several college facility up-grades were made in 2013 to improve safety as follows: LED parking lot lights, changes in classroom door locks to “always locked” door locks and increased limited access security to and addition emergency exits to the college’s child care facility.

Emergency Management

Chemeketa’s Safety and Risk Management

The Risk Management Office is part of the College Support Services Division (CSSD). The Vice President/Chief Financial Officer heads CSSD, and reports directly to the president of the college.

The college has developed emergency procedures for each college location. These procedures outline basic actions individuals can take if they are presented with an emergency situation such as earthquake, building evacuation, fire, etc. Hard copies of the procedures are posted conspicuously throughout all college buildings as well as in college classrooms.

The college has adopted the Incident Command System for responding to emergencies. During an emergency, the designated incident commander shall determine if the situation poses an immediate threat to the health or safety of students, visitors or employees. If the emergency is confirmed, the
incident commander will determine the content of the message and initiate the notification system.

The college has adopted an Emergency Management policy. (See Appendix F, policy/procedure #2350)

Under the heading of Emergency Management, the college has formed three teams to manage the various stages of Emergency Management.

1. **Threat Assessment Team** (TAT) - The Chemeketa Community College Threat Assessment Team is an internal, multi-disciplinary team dedicated to the prevention of targeted acts of violence. Through the cooperative sharing of information, resources and the knowledge gained through training with leading experts in the field of threat assessment, the team endeavors to identify, assess, and manage situations where the risk of violence is imminent and/or anticipated. Depending on the level of the perceived threat, the situation may be referred to appropriate community resources. This team is scheduled to meet weekly. Two college TAT members belong to community TAT teams, one for addressing adults and one addressing juveniles. TAT team members are encouraged to attend trainings to stay up-to-date on the latest information in the field.

2. **Emergency Preparedness Team** (EPT) - The Chemeketa Community College Emergency Preparedness Team is an internal, multi-disciplinary team dedicated to identifying, prioritizing and developing strategies, systems and programs for, responding to and recovering from emergencies both natural and human made. The team develops, maintains, and tests an all hazards Emergency Operations Plan (EOP) and related functional annexes. The team sponsors prevention/mitigation activities such as Threat Assessment and Trauma Response Teams. Means of Emergency Communications are developed and tested. This team meets monthly and conducts quarterly tabletop exercises addressing a variety of scenarios with selected groups throughout the college.

3. **Trauma Response Team** (TRT) - The Chemeketa Community College Trauma Response Team is an internal, multi-disciplinary team dedicated to providing direct services to students and employees after a critical event occurs. The team coordinates the college’s response to critical incidents involving students and employees while paying attention to the safety/security needs of the students and employees. The team will help to stabilize students and employees feelings of safety after a critical event and offering guidance and appropriate support to members of the college community, their families and college care-givers. The team will use critical incidents, when appropriate, as “teachable moments” which may enhance the quality of life for all impacted by critical incidents. This team is scheduled to meet weekly.

DRUG-FREE WORKPLACE PROCEDURES

A. Standards of Conduct

Employees at Chemeketa Community College serve as public employee role models for students and community citizens. That role carries an obligation to not only honor all statutes relating to the illegal use of drugs, or abuse of alcohol, but also to model good health habits as public servants.

Federal laws require the college to maintain a drug-free workplace to continue qualifying to receive federal funds. The college is committed to helping employees as needed to address any violation of the drug and alcohol policies or procedures.

*Education and any necessary treatment are goals in addressing issues around drug and alcohol issues. Inappropriate behavior and violation of drug and alcohol policies or procedures may result in some type of punishment. However, disciplinary action is not the purpose of the drug and alcohol policies and procedures. Education, health, and safety are the primary objectives around these drug and alcohol issues.*

Chemeketa Community College is committed to maintaining employee safety, health, and efficiency by prohibiting in the workplace persons who are impaired, or under the influence, or who illegally manufacture, use, dispense, possess, or distribute alcohol or other drugs. All employees of the college must abide by these procedures and associated policies and procedures relating to alcohol and other drug abuse. (See Policy 2250 and Procedure 2250, 2251.)

Employees have an obligation to notify the college and provide documentation, if they are under any prescribed medication, which could compromise safety issues or adversely affect their performance.

Denial can be a major roadblock to effectively addressing any issues around abuse of drugs or alcohol. Employees are encouraged to cooperate with college officials in honoring these procedures and the related policies and procedures. *Cooperation usually results in more leniency; denial usually results in more disciplinary action.*

B. Educational Aspects

1. Stages in a Relationship with Drugs (Below are the four possible stages or types of alcohol or other drug use):
   a. Experimentation
      • “Trying” a mood altering substance to experience “how it feels.”
DRUG-FREE WORKPLACE PROCEDURES

b. Use
   - Using a mood altering substance for a specific purpose. This could be either MEDICINALLY OR SOCIALY.
   - The individual in this stage maintains control of WHEN they use, HOW OFTEN they use and HOW MUCH of a substance they use.

c. Misuse/Abuse
   - The individual begins LOSING CONTROL of WHEN they use, HOW OFTEN they use and HOW MUCH of a substance they use.
   - Can be either MEDICINAL or SOCIAL.
   - DISCOMFORT will occur when the individual’s “drug of choice” is unavailable.
   - Individual will begin experiencing ADVERSE CONSEQUENCES as a result of their relationship with a particular substance.

d. Chemical Dependency/Addiction
   - In addition to the above-mentioned experiences, the individual at this stage will continue TO USE, MISUSE and ABUSE a substance DESPITE ADVERSE CONSEQUENCES.
   - Once an individual reaches this stage, it is not possible to return to “controlled use” as described in the first two stages.

REMEMBER: Addiction is an illness no one chooses to have. It is involuntary and marked by a resistance to give up the drug(s).

2. Consider the high cost of drug abuse:
   - Absenteeism
     Employees who use drugs are 2 times (i.e. 200% more likely) more likely to have absences of eight days or more per year.
   - Productivity
     Drug-using workers are one-third less productive (i.e. 33% less productivity).
   - Safety
     Workers who use drugs are 3.6 times more likely to injure themselves or another person in a workplace accident (i.e. 360% more likely to have accidents).
   - Worker’s Compensation
     Employees who use drugs are 5 times (i.e. 500%) more likely to file worker’s compensation claims.
   - Medical Costs
     The medical costs of drug users are 3 times (i.e. 300% higher) more than for other employees.
3. The impact of drug abuse on employee behavior:

<td><strong>Employee Health</strong>&lt;br&gt;Drug and alcohol abusers tend to neglect their nutritional, sleep, exercise and other health maintenance needs. 4. Alcohol and Drug Abuse Programs

The college supports programs for the prevention of alcohol and controlled substance abuse by college employees as well as assistance programs for those with problems related to controlled substance abuse. Supervisors will facilitate employee participation in drug and alcohol awareness training sessions; employees are encouraged to attend.

Evaluation, counseling, and referral services are available, and assistance is provided on a confidential basis. In addition, the college shall continue to provide drug-free awareness programs to inform employees of the dangers of drug abuse;
Administrative Series – 2000

DRUG-FREE WORKPLACE PROCEDURES

existence of and content of this policy for maintaining a drug-free workplace, availability of drug counseling, rehabilitation, and employee assistance programs; and penalties that may be imposed for drug-abuse violations occurring in the workplace.

Part-time hourly, adjunct faculty, and student employees should consult with their supervisors for referral to available treatment programs. Salaried employees (who are eligible) are encouraged to seek assistance for alcohol and controlled substance dependence problems through the college Employee Assistance Program.

C. Evaluation

1. Any employee who has reasonable suspicion, or determines that another employee has violated Chemeketa’s policies or procedures regarding alcohol or drug abuse, may report that to his/her supervisor or to the supervisor of the employee believed to be abusing drugs or alcohol.

2. Reasonable suspicion of employee use of a controlled substance shall be based upon any of the following:

   • Significant changes in physical characteristics, such as, but not limited to: change in balance or coordination, dilated pupils, bloodshot eyes, flushed skin on face, grimacing or being dazed, clinched teeth, slobbering, and odor of alcohol on breath.
   • Significant changes in behavioral characteristics such as, but not limited to: slurred speech, incoherent talking, aggressive posturing, attacking verbal statements or yelling or shouting, blaming others, lack of awareness, rapid unproductive movement, showing anger inappropriately, impatience, and excessive movement.
   • Observed abnormal behavior or impairment in mental or physical performance.
   • Direct observation of use in the workplace.
   • Reliable information concerning use in the workplace.
   • A work-related accident in conjunction with a basis for reasonable suspicion as listed above.
   • A pattern of behavioral or personality changes.
   • The opinion of a medical professional.

3. Work indicators of possible drug or alcohol abuse:
   • Unauthorized absences
     — Patterns of absences
     — Maximum use of sick leave each month
     — Monday and Fridays
DRUG-FREE WORKPLACE PROCEDURES

  - Difficulty in completing complex assignments
  - Less productive (quality and/or quantity) during the early part of a shift
  - Unusual pattern of “near misses” and/or safety violations
  - Accident prone—Seems to have an abnormal number of “job related” injuries
  - Alternate periods of high and low levels of productivity. Quality and/or quantity of work changes
  - Rule violations

4. Personal health indicators of possible drug or alcohol abuse:

- Change in personal appearance
- Unattended personal hygiene
- Unpredictable change in morale and/or moods
- Unusual signs of nervousness, depression, or other emotional symptoms

5. Social indicators of possible drug or alcohol abuse:

- Over-reaction to real or implied criticism
- Becoming more or less social for no apparent reason
- Change in friends
- Unusual and/or inappropriate visitors during the work shift
- Wage garnishments by creditors
- Unusual and excessive use of the telephone (especially when conversation seems guarded)
- Complaints from co-workers
  - Unpaid loans
  - Using or being “under the influence” on the job
  - Unable to “get along” with them
  - “Not pulling their share of the job”
- Avoids contact with others
- Patterns of outbursts of anger (especially toward figures of authority)
6. Any employee under suspicion of violating policies or procedures on abuse of alcohol or drugs may be required by their supervisor to take a drug test.

   a. Supervisors shall record the basis for any reasonable suspicion.
   b. Supervisors shall make a good faith attempt to obtain a second opinion on all reasonable suspicions and have a second witness record that information.
   c. Supervisors shall follow the testing procedures when a college test is going to be administered and arrange transportation to and from the test site.
   d. If employees refuse to be tested, that action will be interpreted by the college the same as an admission to a violation of the drug-free workplace procedures or alcohol and other drug abuse policies or procedures, and subject to whatever action is deemed appropriate by the college.

D. Testing

   1. Whenever applicable, the County Sheriff’s department or other appropriate law enforcement agency may be called to take appropriate action.
   2. Whenever the college requires any testing, it will be conducted by an independent laboratory experienced and qualified to conduct such testing (i.e. Lancaster Urgency Care Clinic, Kaiser Permanente, Salem Hospital, etc.) No random drug testing shall be done.
   3. The sample collected from the employee will be “split” after collection. One portion of the sample will be tested and the other portion will be retained by the laboratory. If the employee disputes the results of the test, he or she may have the laboratory re-test the remaining portion of the split sample, at the employee’s own expense.
   4. An employee will be considered to have tested positive for alcohol if the employee has a blood alcohol level of .04 percent or higher.
   5. If an employee’s performance is affected by the appropriate use of prescribed medication, the employee will not be subjected to disciplinary action but may be relieved of duty, at the discretion of the supervisor, until the performance or safety issues are resolved to the college’s satisfaction.
   6. Confidentiality of testing and test results shall be protected to the extent possible. Only persons with a need to know shall be informed.

E. Treatment and Sanctions

   A. Whenever an employee has been found to be in violation of these procedures, or the alcohol and other drug abuse policies or procedures, a further evaluation by qualified outside drug or alcohol professional may be required.
   B. Cooperation with any requested professional evaluation and any subsequent treatment program recommended are in the employee’s best interest. Honoring these steps is the best way to protect an employee’s position with the college.
   C. Successfully completing any drug or alcohol treatment program will not be used against an employee in other non-related matters.
DRUG-FREE WORKPLACE PROCEDURES

4. Abuse of controlled substances (note: controlled substances are drugs available only by approved prescription or age requirements, or considered illegal) or alcohol in the workplace is dangerous and must be avoided. Any employee convicted of violating a criminal drug statute in the workplace must notify his/her supervisor and personnel director no later than five (5) days after such conviction.

   a. The personnel director shall notify the appropriate federal granting or contracting agency within ten (10) days after receiving notice of the criminal drug statute conviction.

   b. Within thirty (30) days of an employee’s criminal drug statute conviction for violation occurring in the workplace, the college shall: take action with regard to the employee determined to be appropriate, which may include transfer, granting of leave with or without pay, or discipline up to and including termination, and/or require satisfactory participation by the employee in a drug abuse assistance or rehabilitation program.

F. Applicable Legal Sanctions Under Local, State, and Federal Law for Unlawful Possession, Use, or Distribution of Drugs and Alcohol.

Local, state, and federal laws are very complex regarding penalties for possession, distribution, and use of controlled substances (drugs). [See ORS Chapter 475—Controlled Substances; Chapter 161—Crimes and Punishment; Chapter 471—Alcoholic Liquors.] However, the absolute minimum will be a $500 fine for possession of some “less dangerous” drugs. From that minimum, as the severity of the offense increases, the penalties increase up to $300,000 fine and 20 years in jail.

A minor in possession of alcohol can result in a fine of up to $300 with more serious offenses, such as providing alcohol to minors, carrying much more severe penalties. The penalty for providing alcohol to minors can range from a $350 fine to a $1,000 fine, a year in jail, and community service. The most severe penalties result from accidents or incidents in which the participants are intoxicated. This category also includes those who may have supplied the alcohol to the participants.

EMERGENCY RESPONSE/EMERGENCY COMMUNICATION/TIMELY WARNING

Procedures which provide information regarding individual response to emergencies such as earthquake, fire, medical emergencies, building evacuation etc., are posted throughout the college facilities.

The college will without delay take into account the safety of the campus community when determining the need to communicate, the method of communication and the content of the emergency communication. If in the judgment of responsible authorities emergency notification would compromise response efforts the communication may be delayed.

Salem Campus:

1. Either by investigation or confirmed notification the Public Safety office will be primarily responsible for confirming actual or the threat of an emergency situation. Depending on the nature of the situation the Public Safety office has the discretion to activate emergency notification systems such as the public address system or emergency text messaging. Initial emergency messages provide instruction for directed activities such as evacuation, lock down, severe weather, etc.

2. With the passage of time the public information officer and/or the college administrator in charge will determine the need for, content of and the means of communication to disseminate information to the appropriate audience. With the passage of time the means of communication may expand to the larger communities and in addition to public address and emergency text may include web page updates, messaging to email accounts, TV, radio notification, press releases, etc. These communications will typically provide more detailed information and instruction.

Yamhill Valley Campus:

1. The dean and/or their designee in conjunction with the Public Safety Officer are primarily responsible for confirming emergency situations. The dean and/or their designees or Public Safety Officer may initiate emergency communications using the public address system. Additional communications will be conducted in a similar process to the Salem campus. The Salem campus Public Safety office will be notified as soon as possible of the event.

2. With the passage of time the public information officer and/or the college administrator in charge will determine the need for, content of and the means of communication to disseminate information to the appropriate audience. With the passage of time the means of communication may expand to the larger communities and in addition to public address and emergency text may include web page updates, messaging to email accounts, TV, radio notification, press releases, etc. These communications will typically provide more detailed information and instruction.
EMERGENCY RESPONSE/EMERGENCY COMMUNICATION/TIMELY WARNING

Outreach and other college locations:

1. The **dean and/or their designee** are primarily responsible for confirming emergency situations. This may or may not occur in conjunction with local law enforcement or other emergency response personnel. The **director and/or their designee** may initiate emergency communications using the public address system. Additional communications will be conducted. The Salem campus Public Safety office will be notified as soon as possible of the event.

2. With the passage of time the **public information officer and/or the college administrator in charge** will determine the need for, content of and the means of communication to disseminate information to the appropriate audience. With the passage of time the means of communication may expand to the larger communities and in addition to public address and emergency text may include web page updates, messaging to email accounts, TV, radio notification, press releases, etc. These communications will typically provide more detailed information and instruction.

Evacuation:

1. When notified by an alarm or public address system of the need to evacuate, all occupants must leave through the nearest possible exit. Many areas of our campuses have Building Evacuation Coordinators (BEC’s). The **BEC’s** will direct the evacuation and/or identify and assist individuals with disabilities. Once outside of a building, the **BEC’s** will provide additional information regarding the emergency. The **BEC’s** exercise a mock evacuation at least bi-annually. Any planned evacuation drills will be announced that all alarms or other notifications to evacuate shall be treated as a real emergency until notified differently. The **emergency preparedness committee** will maintain documentation relating to each evacuation and exercise and there participants.

2. The college has implemented procedures for assisting individuals with disabilities in preparing for emergency building evacuation. Evacuation guidelines, tips and plan development information can be obtained at [http://www.chemeketa.edu/earncertdegree/advising/disability/evacuationplan/](http://www.chemeketa.edu/earncertdegree/advising/disability/evacuationplan/)
EMERGENCY RESPONSE/EMERGENCY COMMUNICATION/TIMELY WARNING

Timely Warnings:

1. Public Safety is primarily responsible for issuing timely warnings. Timely warnings are to communicate prevention strategies for the college community when an incident has occurred or a pattern of risks identified. Timely warnings may be disseminated by any of the communication means noted above.
COLLEGE SAFETY AND SECURITY

The safety of students, employees and visitors, as well as the security of facilities, is a major consideration in the operations of Chemeketa Community College. Every reasonable effort will be made to eliminate or mitigate causes of accidents, fire exposures, and occupational hazards associated with college activities.

To accomplish this, the college will follow reasonable safety practices; such as providing necessary safeguards, fostering a safe educational and working environment, and providing emergency preparedness and response. Students, employees and visitors are encouraged to report safety and security matters to Public Safety, Facilities and Operations, Safety Committee, or other administrative offices as deemed appropriate.

Chemeketa does not have residential housing for its students.

COLLEGE PUBLIC SAFETY AUTHORITY

Chemeketa Community College’s Public Safety department has the authority to ask persons for identification and to determine whether individuals have lawful business at the college. Public Safety officers have the authority to issue parking tickets (citations) to students, employees and visitors who are in violation of the college’s Traffic Code. In addition, Public Safety officers have limited peace officer authority to enforce the Oregon Traffic Code on all college facilities. Public Safety officers possess citizen’s arrest authority, but not probable cause arrest authority. Criminal incidents are referred to the local police/sheriff department who have jurisdiction at the particular college location.

The Public Safety office endeavors to maintain a professional working relationship with the various local law enforcement agencies. All crime victims and witnesses are strongly encouraged to immediately report the crime to Public Safety and the local law enforcement agency. Prompt reporting will assure timely warning notices on college property and timely disclosure of crime statistics.
