

Chapter 3 - General Institution

BP 3445 -- Animals/Pets on College Facilities

In order to provide for the health, safety and welfare of all persons at Chemeketa Community College, no animals/pets, with the exception of trained and in training service animals, or animals used for approved purposes, shall be permitted inside college-owned and/or controlled buildings or on outdoor college athletic facilities.

Service animals or animals used for approved purposes must be under the control of the handler at all times and must be house broken.¹

Leashed animals/pets are permitted outside on college facility grounds as long as they are not disruptive or create a real or perceived safety concern.

The person responsible for any animal/pet, including service animals, on college-owned and/or controlled property shall be responsible for any damage to college property and litter removal and clean-up.

No animal/pet shall be left unattended on college facilities, including inside parked vehicles, for any period of time without the public safety director's approval.

Animals, including service animals, may be excluded from college-owned and/or controlled property when the animal's behavior poses a direct threat to the health or safety of others.²

No person shall bring an animal/pet to college property and abandon it, nor feed and provide shelter to animals/pets on college property, without the college executive administration's permission.
