

BP 3725 -- Information and Communications Technology Accessibility & Acceptable Use / Digital Access Policy

Chemeketa Community College is dedicated to ensuring equitable and equal access to digital content for students, faculty, staff, and community members.

All departments, faculty, and staff have a shared responsibility to provide digitally accessible material in all college services, resources, marketing, and sponsored events.

A digital accessibility policy promotes the college's values of belonging and opportunity.

This policy, in addition to its related procedures and guidelines, establishes digital accessibility standards for the design, development, acquisition, procurement, management, and dissemination of digitally accessible materials, including educational resources and technologies.

May 15, 2024

Adopted College Board of Education

Revised College Board of Education
