BP 5135 -- Delinquent Debts

A debt will be considered delinquent when payment is not received within the due date established on the Chemeketa public website, or when payment is not received by the end of the term the debt was incurred, whichever is earlier.

Chemeketa Community College may refuse to enroll a student or provide access to college services until all the student's delinquent debts to the college have been paid in full or satisfactory arrangements have been made with the college for payment in accordance with college guidelines or procedures. If the student is enrolled and fails to pay the delinquent fees in accordance with guidelines or procedures, the college may drop the student from class(es).

A student with a history of delinquent debts to the college may be required to pay for registration or other charges in advance. The college may refer a student's delinquent debt to collections, and the student would be responsible to pay collection fees and/or attorney fees.
