

2025 ANNUAL REPORT

MAKING COLLEGE POSSIBLE

SALEM CAMPUS, BLDG 20

The Chemeketa Foundation supports hundreds of students each year through more than 175 unique scholarship funds and awards. From its inception, the Foundation's annual awards have grown from \$3,000 to more than \$700,000 in student scholarships and assistance funds.

A LETTER FROM THE PRESIDENT

My name is Tiffany Lawrence, and I have the privilege of serving as the current Board President of the Chemeketa Foundation, as well as Regional Branch Manager with OCCU.

For our students, scholarships can mean the difference between simply hoping for a future or being able to act on and move forward in achieving their goals. **These scholarships provide not only financial support, but also encouragement, affirmation, and a reminder that others believe in your potential.** As a Foundation, we are continually looking at how we can make our work even more impactful by aligning resources like scholarships with additional financial opportunities to address student needs. We have seen just how meaningful that can be through the Student Relief Fund, which has made a tremendous difference for students facing urgent financial barriers. Whether helping students with emergency grants, access to basic needs resources, on-campus food pantries, or support through the Chemeketa Closet, these funds have helped students remain enrolled, stay focused, and continue moving toward their goals.

To our donors, thank you for investing in dreams you may not have personally lived, but have chosen to help make possible. Your generosity creates opportunities, removes barriers, and changes lives in ways that go far beyond the classroom. Our Foundation strives to continually uphold its commitment to ensure students are supported, celebrated, and equipped to succeed. Their stories, perseverance, and goals inspire all of us. In this report we celebrate not only what our students and donors have accomplished so far, but all that the future holds. Thank you for believing in the power of education, and thank you for being part of a community that is truly changing lives together.

Sincerely,

A handwritten signature in blue ink that reads "Tiffany".

Tiffany Lawrence
BOARD PRESIDENT | CHEMEKETA FOUNDATION

OUR STUDENT COMMUNITY

More than fifty years ago, a dedicated group of community members came together to support young parents in our area who were attempting to better their circumstances through higher education. While we have seen our community evolve and grow considerably over the last several decades, many of our student needs remain the same. Chemeketa Community College is enriched by the diversity of our students, staff, and community, and the Foundation is proud to serve those from every walk of life. Below is a snapshot of Chemeketa's student population that received scholarship awards during the 2025-2026 academic year. **In addition to the 361 scholarships awarded this last year, our on-campus food pantries recorded approximately 8,400 student visits and our college and community partners helped provide nearly \$94,000 in emergency assistance to help students with needs including housing, utilities, transportation, tuition, health care and child care.**

CHEMEKETA GUIDED PATHWAYS

In 2022, Chemeketa implemented a Guided Pathways Model for programs, which provides students clear direction and support regarding career and educational goals. Pathways are groups of related academic and career/technical programs and disciplines, and each pathway includes several tracks that lead to degrees, certificates, and/or transfer opportunities for students to reach their career and educational goals.

“Because John and I had been long-time supporters of the Foundation, we knew it was well-organized and that our gift would make a positive impact on our community. Setting up a scholarship fund through the Foundation seemed like a natural fit given our background with the college and seeing the students of all ages benefiting from the excellent training Chemeketa provides.” —Bobbie Clyde

“I began interpreting English to Spanish for my parents around the time I learned to read. From helping someone at the store read a label to interpreting for a patient at the clinic where I work, I am reminded daily of the little girl who tried her best to give a voice to her parents in a country that doesn’t inherently understand them. The ability to communicate fluently in two languages was a blessing, but the passion for helping others who aren’t able to do the same blossomed because of my parents. **Every person deserves to understand and be understood. By working in the medical field, I hope to strengthen patient-provider relationships based on mutual understanding.**

Shortly after I graduated high school, my dad was diagnosed with stage 4 colon cancer. With no solid career choice, I stayed home to help. Accompanying him through treatment exposed me to the medical field. I realized how multifaceted it actually is.

Although my dad passed in 2019, his words continue to echo in my mind. After working as a medical assistant for 5 years, I began feeling like something was missing. I knew I could do more. My dad believed in my dreams; I needed to as well. Even though it’s taken nearly a decade to figure out what my dream job is, I finally know. My ultimate goal is to become a physician assistant, and earning my transfer degree from Chemeketa is the first step.”

CLYDE LATINX SCHOLARSHIP

Bobbie and John Clyde both retired from long careers in education. Bobbie was the director of Chemeketa’s small business development center and was widely influential in providing fundamental training for local businesses in the community. She and John met after he joined Chemeketa’s staff as an outreach coordinator.

John and Bobbie established this scholarship for student-parents, with a focus on supporting bilingual, first-generation college students in need of childcare assistance who hope to make a positive impact in and increase representation within Latinx communities.

STUDENT PROFILE LINDA

DOLLARS & CENTS

The Chemeketa Foundation supports a wide range of student needs including scholarships for students in specific programs, student parents, first-generation college students, adults in custody, and emergency student relief funds like the food pantry at the Salem and Yamhill campuses.

FROM GRAPE TO GLASS

Chemeketa's **Northwest Wine Studies Center** is a leading wine industry resource that provides continuing education and degree programs in all aspects of wine, from grape to glass. The center emphasizes strong alliances with the Northwest wine industry, associated educational institutions, and the community. The center is located in Salem, Oregon, on the Eola campus of Chemeketa Community College.

CHEMEKETA CELLARS TASTING ROOM

The Northwest Wine Studies Center is also home of Chemeketa Cellars, the student-run winery and tasting room for the Wine Studies program at Chemeketa Community College. A visit to the Chemeketa Cellars tasting room is the best way to experience our award-winning student-made wines. Students of the Wine Studies program operate the tasting room and share their knowledge about the wines currently being poured. It is a great opportunity to interact with the winemakers to learn about their studies and what influences their decision to join the wine industry in Oregon.

The Wine Studies program at Chemeketa Community College includes an 8-acre teaching vineyard and a fully functioning estate winery on premises. Each sip of wine from Chemeketa Cellars represents the student's hands-on training. These student-made, small-batch wines have won numerous awards at wine competitions. Each vintage of Chemeketa Cellars wine provides a lesson for our vineyard and winemaking students. Students can choose their vineyard and winemaking direction, with experimentation encouraged and guided by our professional wine instructors.

Chemeketa Cellars ensures it is doing its best for sustainable and environmentally friendly agricultural practices. The vineyard is LIVE (Low Input Viticulture and Enology) certified and our Wine Studies instructors strive to ensure students learn the most current organic and sustainable practices commonly used in commercial vineyards and wineries.

Learn more at: www.chemeketacellars.com

STUDENT PROFILE DANIEL

"As a first-generation Mexican American, I've always felt a strong connection to the Latinx community and the hardworking individuals who form the backbone of Oregon's wine industry. I've made it a priority to celebrate and uplift their voices by advocating for better recognition of their essential roles in winemaking. What motivates me most is seeing how wine brings people together and tells the story of a region and its people. I am inspired by Oregon's strong sense of community, innovation, and respect for the land. In my future career, I hope to bridge the gap between vineyard labor and winery leadership by fostering inclusive workplaces and mentoring young students interested in wine studies.

I am honored to be recognized by an organization that leads with such a strong commitment to sustainability, education, and community, making a genuine difference in the Pacific Northwest wine industry.

I deeply admire LIVE's vision of promoting environmentally responsible, economically viable, and socially equitable practices in viticulture and enology. Receiving this scholarship reinforces my dedication to those same principles and inspires me to follow in the footsteps of leaders like Al MacDonald, whose passion for both sustainability and education continues to shape our industry."

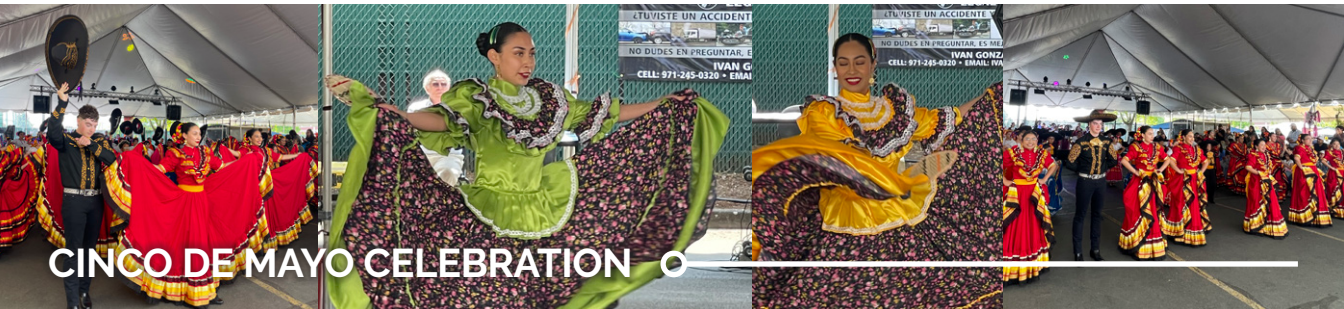

LIVE SUSTAINABLE WINE SCHOLARSHIP

The LIVE Sustainable Wine Scholarship provides assistance to students enrolled in the Wine Studies Program at Chemeketa Community College, who demonstrate a commitment to sustainable practices. It was established and named for Al MacDonald, one of the founders of both LIVE and the Wine Studies Department at Chemeketa, to honor his lifetime of service in education and sustainable agriculture.

STARS RECEPTION ○

CINCO DE MAYO CELEBRATION ○

FOUNDATION EVENT SPONSORS

Each year, we are honored to partner with our college community, local organizations, and generous sponsors to create meaningful events that celebrate student achievement, cultural connection, and community engagement.

Our annual **STARS Reception** brings students, scholarship donors, and supporters together to share stories, recognize accomplishments, and celebrate the life-changing impact of your philanthropy. Filled with heartfelt moments, laughter, and inspiration, the reception continues to touch more lives each year.

In May 2025, the **Woodburn Cinco de Mayo Celebration** once again brought our local community together for a vibrant weekend of culture, music, food, and family fun, welcoming an estimated 15,000 attendees over three days.

The college also proudly presented its Theatre Under the Stars production of **Mary Poppins at the Gerry Frank Amphitheater**, once again providing an inspiring platform to showcase the incredible talent of our students alongside community performers in a memorable outdoor production beneath the summer sky.

These events are made possible through the **generosity of our sponsors and donors**. Their partnership not only creates unforgettable experiences but also strengthens our communities and expands opportunities for the students we serve. **We are deeply grateful for your continued support**, and if you have not yet attended one of these events, we hope to see you there next year!

Chemeketa Press

Rewriting the textbook industry

Chemeketa Press is the academic publishing arm of Chemeketa Community College in Salem, Oregon. Founded in 2015, the Press is a core component of a college-wide student success initiative designed to lower the cost of textbooks. Adoption of Chemeketa Press textbooks has served 116,348 students, saving them more than \$7.1 million over ten years. The Press started with a question: why are textbooks so expensive, boring, and bloated? The unsatisfactory answer led faculty and staff to create a press that does things differently and seeks to revolutionize the textbook industry.

10 YEARS • 116,348 STUDENTS SERVED • \$7.1 MILLION SAVED

Faculty authors at Chemeketa and beyond work with the Press's innovative agile publishing model to write textbooks for their classrooms. Development editions of books are tested in the classroom and by external reviewers, then revised and improved before release to a national audience. Chemeketa books are written for actual students—no jargon, academic speak, or bombastic prose allowed—and are designed to be accessible, engaging, and beautiful.

This model brought unexpected benefits: increased faculty understanding and engagement with their disciplines; increased student work experience through editing and design projects with the Press; and a campus-wide pride in our ability to solve our own expensive textbook problem. Chemeketa Press proves that a campus can make life better for its students through ingenuity, creativity, and hard work—and that the benefits can extend to campuses across the country. At our core, we believe a textbook should open the door, not close it.

Join our textbook revolution at

[CHEMEKETAPRESS.ORG/JOIN-THE-REVOLUTION](https://chemeketapress.org/join-the-revolution)

"I started at Chemeketa's Human Services Program in 2014, but had to stop attending in order to afford rent and bills. For more than a decade, I worked in warehouses doing shipping and receiving work. **I always regretted not being able to finish my degree, and I felt that I was not living up to my potential.** I have been through some hard things in my life and I want to be able to use that to give back to people who are feeling lost or struggling in our society. I found myself looking for more ways to help the community, and in 2024 I decided to re-enroll at Chemeketa to finish my degree.

The Human Services and Behavioral Health fields need more skilled workers that reflect the communities they live in and serve. **I look forward to serving Indigenous communities, which have a great need for Social Workers and people trained in substance use treatment who are able to provide culturally responsive and person-centered care, the way I am being trained at Chemeketa.**

I plan to work with youth and family services at my first practicum site where I will learn valuable on-the-job training and skills that wouldn't have been possible without the help from your scholarship. I am honored to be able to provide my community with the resources they need through my future work."

INDIGENOUS HERITAGE SCHOLARSHIP

This fund was established by Marjorie and Brent Mobley-Oorthuys whose lives were enriched by their time at Chemeketa. Having benefitted from generational wealth originating from a U.S. law which displaced Indigenous people from their land, Brent and Marj established this scholarship for students dedicated to the interests of Indigenous communities. Recipients are selected by a committee composed of local Indigenous tribal members.

A LASTING IMPACT

Below is a list of funds that have been established to provide ongoing support to students in perpetuity through an **invested or endowed scholarship fund**. A NEW PATH TO A BSN

Chemeketa Community College is proud to announce that the Oregon Higher Education Coordinating Commission (HECC) has approved the launch of a Bachelor of Science in Nursing (BSN) program—an initiative designed to expand educational pathways for nursing students and strengthen Oregon’s healthcare workforce. This program, developed in collaboration with six Oregon community colleges in a statewide consortium, represents a significant milestone in providing accessible, high-quality nursing education.

Chemeketa’s BSN program will allow registered nursing (RN) students to seamlessly continue their education and earn a four-year degree without needing to transfer to a university. By offering a local, affordable option for earning a BSN, Chemeketa is helping to address the growing demand for highly trained nurses in Oregon.

The launch of this program is a direct response to the pressing need for more bachelor’s-prepared nurses in our state. **“By providing a flexible and affordable BSN pathway at the community college level,**

“I have been a long-time college student, taking classes on and off for more than 20 years. When I ended up as a single mom of an infant and 3-year-old, it really pushed me to get back to school with a new level of determination. I have wanted to be a nurse for as long as I can remember. I have just completed the two-year nursing program at Chemeketa, and am proud to be continuing my education in the new BSN program in Fall 2026.”

— BRIË L., 2025-2026 SCHOLARSHIP RECIPIENT

Chemeketa is opening doors for students while supporting the critical needs of Oregon’s healthcare system,” said Sandi Kellogg, Dean of Health Sciences at Chemeketa.

Chemeketa’s commitment to expanding nursing education dates back to the leadership of former President Julie Huckestein, who laid the groundwork for this initiative during her tenure. Her vision and dedication helped set the stage for this achievement, ensuring that Chemeketa remains at the forefront of innovative and accessible healthcare education.

The BSN program will follow a hybrid model, combining

online coursework with in-person clinical experiences in the form of an end-of-program capstone project. Students will benefit from Chemeketa’s strong partnerships with local hospitals and healthcare providers, gaining hands-on training in real-world settings.

“This approval is a revolutionary development for nursing students in our region,” said Dr. Jessica Howard, President and CEO of Chemeketa Community College. **“We are proud to work alongside our fellow community colleges to make a four-year nursing degree more attainable and to help meet the workforce demands of our local healthcare providers.”**

2025 COMMUNITY OF DONORS

* Denotes an in-kind donor

Thank you for supporting the Chemeketa Foundation as a way of making positive changes in our communities. Thank you for believing that education matters and that we all have a stake in the success of others — even those we have never met. Thank you for making college possible and changing lives!

IN LOVING MEMORY

PATRICIA GALLIGAN

Pat Galligan lived a life of service that reflected her love for our community. As a longtime Chemeketa administrator in the Financial Aid office, Pat shared the Foundation’s belief that financial hardship should never stand in the way of a student’s dream of pursuing an education. For nearly 20 years, her dedication to student success has been honored through a scholarship supported by fellow employees, family members, her own contributions, and others who knew and valued her. Through that scholarship, Pat’s legacy of caring for students continues, helping them overcome financial barriers and pursue their educational goals.

ROBERT "BOB" EMRICK

Bob Emrick, former president of the Chemeketa Foundation Board, will be remembered for his deep commitment to Chemeketa and the communities he served. Throughout his life, Bob gave generously of his time and leadership, serving on numerous committees, boards, and commissions and earning the respect of colleagues and community members throughout the region. Bob played an instrumental role in the development and construction of Chemeketa’s Yamhill Valley Campus, helping create an educational resource that will benefit students and the community for generations to come. His legacy can be seen not only in the organizations and projects he helped shape, but in the people and communities strengthened by his service. We are grateful for Bob’s many contributions to Chemeketa and proud to honor his memory and lasting legacy.

IN MEMORIAM

We are sorry to have lost these beloved friends and supporters of the Chemeketa Foundation in 2025.

- Kristine Blodget
- Robert J. Emrick
- Patricia Galligan
- Marilyn Hohn
- Darrel Holmes
- Jane Mays
- Eva Green McClintock
- Grady Sharp

MEMORIAL GIFTS

Memorial gifts provide a tribute to a loved one or friend who has passed. Listed below are the donors who’ve made a gift in their memory.

- IN MEMORY OF EGON BODTKER
 - Diana Bodtker

- IN HONOR OF JIM WILLIAMS
 - Kirsty Wineland

"My son Rob passed away in 2000 and was a graduate of Chemeketa's Fire Program. He was working for Salem Fire Department as a firefighter/paramedic. In deciding what we could do to honor him and his wife Michele, we created a scholarship in their memory for students in the fire program. It's been 25 years and it's an honor to hear from recipients and to be part of the scholarship program at Chemeketa."
