Introduction

About the College

Chemeketa Community College was established in 1969 as a community college district and began operations in 1970. The College's geographical service area includes all of Marion and Polk counties and part of Yamhill and Linn counties.

The College serves approximately 18,000 students and employs nearly 200 full-time faculty members. The College does not own or operate any residential housing facilities.

The College is funded by a combination of local property taxes, state funding appropriations, grants, tuition, fees, and Title IV federal funding. Any higher education institution receiving federal funds must comply with the Clery Act, described below, which includes publishing this Annual Security Report.

College Campuses & Centers

- Salem Campus, 4000 Lancaster Drive NE, Salem, OR 97305
- Yamhill Valley Campus, 288 NE Norton Lane, McMinnville, OR 97128
- Center for Business & Industry, 626 High Street NE, Salem, OR 97301
- Chemeketa Brooks, 4910 Brooklake Road, Brooks, OR 97305
- Chemeketa Eola, 215 Doaks Ferry Road, Salem, OR 97304
- Chemeketa Polk, 1340 SE Holman Avenue, Dallas, OR 97338
- Chemeketa Woodburn, 120 E Lincoln Street, Woodburn, OR 97071

Overview of the Clery Act

About

In 1990, US Congress passed the Crime Awareness and Campus Security Act. In 1998, that law was renamed to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, and, in 2024, was renamed to the Jeanne Clery Campus Safety Act. It is widely known as the Clery Act.

Jeanne Clery, after whom the Clery Act is named, was a 19-year-old student at Lehigh University who was raped and murdered by a former Lehigh University student in her campus dormitory in 1986. Lehigh University and its surrounding areas had had 38 violent crimes in the three years leading up to Jeanne's enrollment. Jeanne's parents believed that if they had known the extent of the crime on and around Lehigh's campus, they would not have enrolled their daughter at Lehigh.

In the years that followed Jeanne's death, the Clery family urged US senators to enact a law that would require colleges and universities to disclose the crime on and around their campuses so that families can make an informed decision about where to send their children to college.

The Clery Act is codified at 20 U.S.C. § 129(f) as part of the Higher Education Act of 1965, and it requires colleges and universities to disclose specific information about crime and security policies on an annual basis in an Annual Security Report (ASR).

Major Amendments to the Clery Act

2008: The Higher Education Opportunity Act required colleges and universities to (1) timely notify students of emergencies, (2) develop procedures for evacuation in the event of an emergency, (3) give timely notification of missing students, and (4) expand the category of reportable crimes.

2013: The Violence Against Women Act (VAWA) required colleges and universities to (1) report and track dating violence, domestic violence, and stalking; (2) create prevention and awareness programs surrounding dating violence, domestic violence, and stalking; and (3) expanded hate crime categories to include gender identity.

2024: The Stop Campus Hazing Act required colleges and universities to disclose statistics on hazing incidents and publish details on hazing prevention programs.

Clery Geography

The Clery Act requires colleges and universities to disclose crime statistics and other safety-related information that occurs within defined geographical areas. The areas are collectively known as Clery Geography and include all on-campus locations, all campus housing, any non-campus areas that are owned or controlled by the institution and are used for educational purposes, any non-campus area that is owned or controlled by officially recognized student organizations, and public property that is immediately adjacent to campus property.

Clery Crimes

The following crimes are required to be reported in each Annual Security Report:

- **Murder and Non-Negligent Manslaughter:** The willful (non-negligent) killing of one human being by another.
- **Negligent Manslaughter:** The killing of another person through gross negligence.
- **Aggravated Assault:** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.
- **Arson:** Any willful or malicious burning or attempt to burn, with out without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc.
- **Burglary:** The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.
- **Robbery:** The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.
- **Motor Vehicle Theft:** The theft or attempted theft of a motor vehicle.
- **Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

- **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age and/or because of his/her temporary or permanent mental capacity.
- **Incest:** Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape:** Non-forcible sexual intercourse with a person who is under the statutory age of consent.

VAWA Offenses:

- **Domestic Violence:** A felony or misdemeanor crime of violence by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner, by a person who is similarly situated to a spouse of the victim under the domestic violence laws of the jurisdiction in which the crime of violence occurred, by any other person against an adult or youth victim who is protected from the person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
- **Dating Violence:** Violence committed by a person (1) who is or has been in a social relationship of a romantic nature with the victim, and (2) the existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. This includes but is not limited to sexual or physical abuse or the threat of such abuse.
- **Stalking:** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (1) fear for the person's safety or the safety of others, or (2) suffer substantial emotional distress. "Course of conduct" means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property. "Substantial emotional distress" means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. The reasonable person standard means a reasonable person under similar circumstances with similar identities to the victim.

Hate Crimes: A crime is a hate crime if there is evidence that the victim was intentionally targeted as a victim because of the perpetrator's bias against the victim. A hate crime is not a separate crime, but is the commission of a crime on the basis of the victim's actual or perceived protected class. Protected classes under the Clery Act are: race, gender, gender identity, religion, ethnicity, national origin, disability, and sexual orientation. The following crimes are Clery crimes if they are motivated by hate/bias toward a Clery protected category:

- **Larceny/Theft:** The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.
- **Simple Assault:** An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

- **Intimidation:** To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- **Destruction/Damage/Vandalism of Property:** To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Preparation of this Report

The Clery Coordinator works with Public Safety to gather statistics for crimes within the Clery Geography. Clery crimes are reported to many different individuals who are designated as Campus Security Authorities (CSA), including Public Safety, the Title IX coordinator, Student Conduct and Community Standards, and others.

Each year, Public Safety reaches out to local law enforcement agencies for statistics related to crimes committed on public property directly adjacent to College property. When the College receives the data, every effort is made to ensure that external crime statistics are not duplicative of the College's own crime statistics. However, an individual incident may be reported to us and counted as a statistic more than once.

About the College Public Safety Office

The Public Safety Office is part of the Governance and Administration division of the College and the Director of Public Safety reports directly to the Vice President of Governance and Administration.

The purpose of Chemeketa's Public Safety Office is to promote and maintain the safety and security of persons who use the College, and ensure College owned and/or controlled property by the College is secure. The purpose is accomplished by:

1. Providing fair and impartial enforcement of College policies and traffic code.
2. Providing assistance to students, employees, and the general public.
3. Prevention and detection of unlawful/unsafe criminal activity.
4. Cooperation with law enforcement/fire/emergency medical technicians at all levels.
5. The Director of Public Safety actively provides face-to-face personal safety training for both students and new employees and co-chairs the College's Threat Assessment Team.
6. Public Safety has an Operations Supervisor that is second in command of Public Safety. The Operations Supervisor schedules and supervises the Public Safety Officers and also handles the day-to-day operations of the Public Safety Office.

Public Safety officers have authority to enforce all rules and regulations promulgated by the College, and in addition may make physical custody arrests for offenses committed in their

presence. Public Safety employees respond to all manner of calls for service originating on property owned by the College.

Under Oregon Revised Statute (ORS) 341.300, the College Board of Education has adopted regulations governing the enforcement of regulation of traffic and parking of vehicles on College property. The above referenced statute gives Public Safety officers the authority of peace officers in enforcing regulations adopted by the Board. The College has entered into an agreement with the local justice court to allow Public Safety officers and local and state police officers to enforce violations and laws contained in the Oregon Vehicle Code on College roadways and parking lots.

Officers are trained in a variety of law enforcement related topics, carry normal defensive weapons, including handcuffs, tasers, batons, and pepper spray, and have received first-aid and Automated External Defibrillator (AED) training. Chemeketa's Public Safety Officers do not carry firearms.

Personnel from the Public Safety Office are available to address potential security or physical safety concerns in presentations to groups or to assist in developing procedures to address security concerns upon request. Upon request, the Director of Public Safety tailors security and physical safety plans for the College department's individual needs and locations.

The Public Safety Office has a close working relationship with the Marion County Sheriff's Office. Sheriff's deputies are stationed on the Salem campus in Building 38 and the Brooks Outreach Center. They provide support for Public Safety Officers upon request. Both Chemeketa and Marion County share relevant information to apprise each office of information related to actual or potential criminal activity on campus, outreach centers or in the surrounding area.

The Public Safety Office is also in contact with local and state policy agencies concerning safety of persons and property at the College's other locations.

Reporting Crimes and Other Emergencies

How to Report a Crime

Any unlawful, unsafe, or suspicious activity or emergencies should immediately be reported to the Public Safety Office, located in Building 38 on the Salem Campus, either in person or by telephone at 503.399.5023.

Suspected crimes can also be reported to any Campus Security Authority. The following are the College's Designated CSAs:

- Both Executive Deans of Student Affairs
- Dean of Academic Development & High School Partnerships
- Director of Athletics
- Director of Culture & Community Engagement & Title IX Coordinator
- Director of Employee Labor Relations
- Associate Dean of Counseling & Student Support Services
- Dean of General Education & Student Affairs, Yamhill Valley Campus
- Dean of Yamhill Valley Campus CTE & Chemeketa Eola
- Dean of Chemeketa Woodburn
- Dean of Chemeketa Brooks

In the event of a situation believed to be life-threatening, such as fire or medical emergencies, reporters may call 911 first before calling Public Safety. The 911 Center has flagged all College locations so that any 911 call concerning the College would alert the call taker to call the Public Safety Office to ensure College Public Safety officers also respond.

Public Safety has placed “Assistance Telephones” throughout the Salem Campus. The Assistance Telephones are equipped with a direct dial line to Public Safety. The phones may also call 911. A review of Public Safety telephone installation is conducted regularly to determine the appropriate location and number of telephones.

Public Safety employees respond to all calls for service but will prioritize response in accordance with the immediacy or severity of the situation.

Many classrooms are equipped with phones that can call Public Safety, 911, and the College’s Classroom Support Line.

Calls or requests for Public Safety assistance are addressed with the following priorities:

1. Matters involving personal safety or violence;
2. Property crimes; and
3. General requests for services.

The Public Safety Office strongly encourages anyone who witnesses a crime or suspicious activity, or has knowledge of criminal activity on College property, to report that information either in person or by telephone in a timely manner. Signs are placed in College parking lots reminding people of the Public Safety telephone number and encouraging people to report suspicious activity. Reports by witnesses are kept confidential to the extent lawfully possible. Anonymous reporting of student concerns is available by completing the “Student Concern Reporting Form,” which is available on the [Complaints & Concerns](#) page of the College’s website. However, reporting anonymously may impede the ability to perform a comprehensive investigation.

Professional mental health or pastoral counselors employed by the College are not considered Campus Security Authorities (CSA), and the College encourages such counselors to inform their clients of the procedures for reporting crimes on a voluntary, confidential basis for inclusion in the Annual Security Report.

Although theft on College property happens infrequently, employees, students, and visitors are encouraged to take responsibility for their personal property by not leaving items of value unattended, either in College buildings or parked vehicles. Stolen items identified by a serial number are entered into a nationwide law enforcement database to assist in potential recovery of those items.

All Public Safety responses are documented to some extent, but only some situations require Public Safety to file an official Incident Report. Incident reports are public records and are subject to Oregon’s public records inspection laws.

Crime Logs

The College's Public Safety Office maintains and publishes a daily crime log (DCL) that reflects reports of alleged crime and incidents made to Public Safety. The DCL is available upon request at the Public Safety Office. Some DCL entries are not made available to the public, either because disclosure is prohibited by law, the disclosure would jeopardize the confidentiality of the victim, or if the release of information would jeopardize the integrity of an ongoing criminal investigation.

The DCL contains all crimes reported to Public Safety, whether they are credible, have been or will be investigated, or have been or will be substantiated. Not all crimes entered in the DCL will be reported in the Annual Security Report. Only crimes that are "Clery Crimes" will be reported in the ASR.

Emergency Preparedness and Evacuation Procedures

Emergency & Risk Management

The Emergency & Risk Management (ERM) Department is part of the Governance & Administration division. The Director of Emergency & Risk Management reports directly to the Vice President of Governance & Administration. The ERM department coordinates with the College's senior leadership, Executive Team, Administrative team, department/program directors, the College's Safety Committee, and employees to identify and develop strategies to plan and prepare for, to mitigate, and to respond to and recover from various emergency situations and natural and human influenced threats. The Director of Emergency and Risk Management develops, coordinates, and reviews the College's all-hazards Emergency Operations Plan (EOP) and the accompanying functional and hazard specific annexes. ERM develops, implements, and reviews tabletop exercises conducted to assess College capabilities, the EOP, and Emergency Preparedness Poster. ERM coordinates and supports the Emergency Operations Center.

Chemeketa has a standing committee for Emergency Preparedness. The committee members are consulted regularly for discussion, coordination, development, and review of emergency plans and procedures.

Emergency Preparedness Committee members were consulted for the development of the College's Emergency Procedures poster. These procedures address the basic actions an individual can take if presented with the eight most frequent or most impactful emergency situations most likely to occur at College locations, such as medical emergencies, power outage, fire, etc. This document is posted prominently in over 440 locations throughout College buildings and in classrooms. Additionally, the document is available online at the College's public [Emergency Management](#) website in English, Spanish, and Russian languages. The poster contains a QR code for each of the languages for access by electronic devices. The College's Director of Emergency and Risk Management Department consults with College departments, programs, offices, and individuals to create and review customized emergency plans and provide training.

The College has adopted the Incident Command System for responding to emergencies. During an emergency, the designated incident commander shall determine if the situation poses an immediate threat to the health or safety of students, employees, or visitors. If the emergency is

confirmed, the incident commander will determine the content of the message and initiate the notification system.

Timely Warnings

The College sends timely warnings to campus constituents via text message, email, and website banner when a Clery Crime within the College's Clery Geography is reported to Public Safety and poses a serious or ongoing threat to the campus community. Each timely warning contains information on the date, nature, and location of the incident, along with prevention tips and how to report similar incidents.

If the timely warning is related to a Clery Crime of a sensitive nature (e.g., sexual assault), the College makes every effort to not release details that could be used to identify the victim of the crime. The College must balance the victim's confidentiality interests with the College community's need to mitigate any ongoing threat.

Students and employees can sign up to receive timely warnings via text message via [InformaCast](#).

Emergency Notifications

The College sends emergency notifications to campus constituents via text message, email, and website banner when there is an immediate threat to the health and safety of the campus community. Each emergency notification describes the nature of the emergency, what measures College community members should take, and assurances that an all-clear message will be sent when the emergency is resolved.

Students and employees can sign up to receive emergency notifications via text message via [InformaCast](#).

Evacuation Procedures

The College uses its notification system—emails, texts, and website banners—to notify students and staff of the need to evacuate. Evacuation procedures are outlined in the College's Incident Command plans, the College procedures ([AP 3505](#)), the College's [Emergency Management website](#), and the Emergency Procedures posters.

Many College buildings have emergency generators to provide illumination for the expeditious evaluation of students and employees. The College has memoranda of understanding or agreement with local agencies for emergency services and support.

Emergency-Related Support

In addition to the Emergency Management Office, the College has the following teams to support the various response stages to an emergency situation:

- **Care Team** – The College's Care Team is an internal group focused on prevention and early intervention in situations involving students experiencing distress or engaging in harmful or disruptive behaviors. The team will develop strategies and offer case coordination to

manage disruptive behavior in order to protect the welfare and rights of both the individual(s) and the College community.

- **Threat Assessment Team** – The College’s Threat Assessment Team (TAT) is an internal, multi- disciplinary team dedicated to the prevention of targeted acts of violence. Through the cooperative sharing of information, resources, and the knowledge gained through training with leading experts in the field of threat assessment, the team endeavors to identify, assess, and manage situations where the risk of violence is imminent and/or anticipated. Depending on the level of the perceived threat, the situation may be referred to appropriate community resources. This team is scheduled to meet bi-weekly. TAT members participate in trainings to stay up to date on the latest information in the field of Threat Assessment. College representatives regularly participate in local threat assessment teams for adults and juveniles. The College’s TAT provides representative members to Mid-Willamette Valley Threat Assessment Team, Yamhill County Threat Assessment Team, and Salem-Keizer Public Schools Behavioral Threat Assessment Team.
- **Trauma Response Team** – The College’s Trauma Response Team (TRT) is an internal, multi-disciplinary team dedicated to providing direct services to students and employees after a critical event occurs. The team coordinates the College’s response to critical incidents involving students and employees while paying attention to the safety/security needs of the students and employees. The team will help to stabilize students’ and employees’ feelings of safety after a critical event and offers guidance and appropriate support to members of the College community, their families, and College caregivers. The team will use critical incidents, when appropriate, as “teachable moments,” which may enhance the quality of life for all impacted by critical incidents. This team is scheduled to meet as needed.

Security of Access to College Facilities

Chemeketa Community College is an open-access campus. This means any member of the public can be on College grounds and common areas in buildings without regard to any affiliation with the College. The College is generally open to the public from 7am to 10pm Monday through Friday, except on holidays. Summer break hours vary. The College is closed to the public on Saturdays, except for scheduled classes or events, and is entirely closed to the public on Sundays.

There are some areas of the College that are restricted to only students and/or employees. The restricted areas may be secured by locked door or by personnel. Board Policy [BP 3501](#) and Procedure [AP 3501](#) outlines Access to College Facilities.

The College uses closed circuit (CC) video to monitor certain areas of College property and Public Safety uses CC monitor unauthorized access to College facilities.

The College can trespass individuals who represent a threat to safety, who disrupt the operations of the College, or who are otherwise in violation of the law. Board Procedure [AP 3502](#) outlines the procedure for removing and/or excluding persons from College facilities.

The College's Response to Domestic Violence, Dating Violence, Sexual Assault, and Stalking

Preventing Sexual Violence

The College is committed to providing its students and staff with information about sexual violence. The College utilizes a public trauma-informed, multi-layered approach to sexual violence prevention and response. Recognizing that a single strategy cannot meet the needs of a diverse College community, the College's model spans broad public awareness down to targeted cohort interventions and specialized team response protocols. This approach aligns compliance, cultural responsiveness, and trauma-informed care to promote a safe and inclusive environment.

The College's education, prevention, and awareness programs include:

- **Guest presenters and vendor fairs:** Collaborative tabling events during the first week of the academic term featuring local victim service partners (e.g., Center for Hope and Safety)
- **Awareness campaigns:** Campus-wide passive and active messaging campaigns, including Sexual Assault Awareness Month (SAAM), Denim Day, the White Ribbon Campaign, and Healthy Relationships workshops.
- **Educational workshops:** Open-access sessions covering healthy boundaries, digital safety/stalking awareness, and unpacking harmful cultural norms.
- **Mandatory online orientation:** Integrated module required for degree- and certificate-seeking students, covering Title IX rights, institutional reporting options, safety precautions, and survivor support services.
- **Continuous online learning:** Self-paced educational modules accessible to all students and staff, including the "Healthy and Safe Campus Training" framework designed to provide accessible refresher learning.
- **Student leader orientation:** Training focused on leadership by example, active bystander intervention, and creating safe and inclusive event environments.
- **Student athletics:** Specialized workshops addressing team culture, peer accountability, and preventing violence in high-influence peer networks.
- **Academic program cohorts:** In-person sessions customized for cohort-based programs (e.g., health sciences, human services, career & technical education) where students take consecutive coursework together, addressing professional boundaries and interpersonal dynamics.
- **Coordinated Community Response Team (CCRT):** Regular multi-disciplinary training involving internal departments (e.g., Title IX, Public Safety, Student Conduct, Counseling, CARE Team, Threat Assessment Team) and external victim service providers.
- **Trauma-informed and culturally responsive protocols:** Training focused on honoring student autonomy, understanding legal obligations versus confidential reporting, and navigating responses with a victim-centered lens.
- **Campus safety and public safety training:** Joint procedures developed with Public Safety to ensure initial responses to domestic violence, dating violence, sexual assault, and stalking are compassionate, objective, and trauma-informed.

Reporting Sexual Violence Crimes

Students who believe they have been a victim of domestic violence, dating violence, sexual assault, or stalking should make a report to the College's Title IX coordinator. 503.584.7323. Students may also report to local law enforcement or Public Safety.

Sexual violence crimes may be reported anonymously by completing [this online form](#).

Victims' Rights & Survivors' Resources

Victims of sexual misconduct at the College are entitled to all the rights and protections for complainants under Title IX, including a prompt, thorough, and equitable investigation; supportive measures; privacy and confidentiality; the right to choose to participate in an investigation or formal hearing; an advisor of their choice; and freedom from retaliation.

Upon written request, the College will disclose to an alleged victim of a crime of violence or a non-forcible sex offense the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense.

The College publishes a webpage with [assistance and community resources](#) for victims of sexual misconduct.

Hazing

The College defines hazing as any intentional, knowing, or reckless act committed by a person (whether individually or in concert with others persons) against another person or persons, regardless of the willingness of such other person or persons to participate, that:

- Is committed in the course of an initiation into, an affiliation with, or the maintenance of membership in a student organization; and
- Causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution of higher education or the organization (such as physical preparation necessary for the participation in an athletic team), of physical or psychological injury.

Examples of hazing may include:

- Subjecting an individual to whipping, beating, striking, branding, or electronic shocking; to place a harmful substance on an individual's body; or to subject an individual to other similar forms of physical brutality.
- Causing, coercing, or otherwise subjecting an individual to sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity that subjects the individual to an unreasonable risk of harm or adversely affects the physical health or safety of the individual.
- Any crime against another person that causes, coerces, or requires an individual to perform a duty or task that involves the commission of a criminal violation of local, state, tribal, or federal law.
- Causing, coercing, or otherwise inducing another person to perform sexual acts
- Any activity that places another person in reasonable fear of bodily harm through the use of threatening words or conduct.

The College's hazing policy is [BP 5520 – Hazing Policy](#). The College maintains a [webpage for hazing prevention](#), which includes information about how to report a hazing concern, information about the investigation process into reports of hazing, prevention and education information, and other resources.

To report concerns about hazing, any person may complete a [Student Concern Reporting Form](#).

Registered Sex Offender Information

All Level III sex offenders in Oregon are required to register with the state and give notice to any college or university where they are a student or employee. In addition, all registered sex offenders residing in Oregon must provide written notice of their status to the college or university's Public Safety department or campus police no later than three (3) business days before enrolling, beginning employment, or volunteering.

The Clery Act requires institutions of higher education to provide their communities with a link to the state's sex offender registry. Oregon's sex offender registry can be found here: <https://www.oregon.gov/osp/programs/SOR/Pages/default.aspx> (site last visited October 1, 2026).

The Oregon State Police (OSP) will provide, upon request, a list of sex offenders who are enrolled at or employed by a college or university. Contact the OSP's Sex Offender Registration Unit: 3565 Trelstad Ave SE, Salem, OR 97317; ask.osp@osp.oregon.gov; 503.934.1258.

Alcohol, Drugs, and Weapons

Chemeketa Community College cares about the well-being of its students, staff, and community members. As such, the College has established policies and procedures for a drug-free and weapon-free campus, and the College only permits alcohol on College property in limited circumstances (e.g., related to the College's Wine Studies program; special events).

Policies and procedures related to drugs, alcohol, and weapons:

- [BP 3550 – Drug-Free Environment and Drug Prevention Program](#)
- [AP 3550 – Alcohol and Other Drug Abuse Procedure](#)
- [AP 3552 – Drug-Free Workplace Procedure](#)
- [BP 3560 – Alcoholic Beverages](#)
- [AP 3551 – Special Use Permit – Alcoholic Beverages](#)
- [BP 3530 – Weapons on Campus](#)
- [AP 3530 – Weapons on Campus Procedure](#)
- [Student Rights & Responsibilities](#)

The College offers a variety of substance abuse awareness and prevention resources:

- The College's Employee Assistance Program
- Alcohol & Drug Assistance [resource page](#) for employees
- [Counseling services](#) for students
- Substance abuse awareness campaigns
