

Required Documentation – EMT/AEMT/Fire

You need to provide copies of the following:

- Documentation of high school diploma **OR** GED
(can bring a copy of your diploma or submit an unofficial transcript that shows your graduation date)
- Documentation of Placement test
- Documentation you had chickenpox and complete form **OR**
 - Documentation of Varicella #1 AND Varicella #2 shots **OR**
- Antibody immunity (blood test) for varicella (shots or antibody test required by Albany/Lebanon/Emanuel/Meridian Park hospitals)
- Documentation of MMR #1 and MMR #2 shots **OR**
 - Antibody immunity (blood test) for measles, mumps, and rubella
- Documentation of current TDaP (tetanus) (good for 10 years)
- Documentation of TB (tuberculosis) test and **results** (good for 1 year); skin test **OR** blood test
- Documentation of hepatitis B shots (must have all 3 or be current in the series) **OR**
 - Antibody immunity (blood test) for hepatitis B
- Flu shots are strongly suggested, and are required if you do ER shifts in the Fall or Winter terms. If you do not have a flu shot you must wear a mask for ALL patient interactions in the hospital, from November-April.
- Copy of your CPR card (If you're taking EMT you will do this in class; then you must provide a copy of your card)
- Copy of your EMT license (if you already have it)

NOTE: Drug screening (taken randomly) and criminal background check – these will be done in class at a random date; bring your driver's license to each class for this.

Please return the above documentation ASAP.

Place all documentation in your class folder outside of room 209A.

For EMT151 and Fire students all of the above items are due Week 7, Thursday, at 4:00pm. For EMT153 students all of the above items are due Week 2, Thursday, at 4:00pm.

Failure to meet these deadlines means that you may not continue in the course.
