

Fire Protection Technology Program - Fire Prevention AAS

1. Exhibits safety practices under general supervision to prevent the occurrence and severity of hostile fires, to mitigate the effect of fire on people, and to assist in the determination of the cause of such fires.

Measured by;

- a. SAIF workers comp claims
 - b. CWE observation reports
 - c. Term evaluations
2. Demonstrate effective verbal and written communications skills to meet the needs of internal and external customers, resolve conflicts, and explain fire prevention concepts in a manner that places a high priority on customer satisfaction.

Measured by;

- a. CWE observation reports
 - b. Term evaluations
3. Exhibit the ability to collaborate with a diversity of colleagues in order to accomplish goals of the organization.

Measured by;

- a. CWE observation reports
 - b. Term evaluations
4. Demonstrate the ability to conduct risk reduction inspections through employing hazard identification, interpreting and applying codes and standards, and applying hazard abatement process.

Measured by;

- a. CWE observation reports
 - b. State and other industry certifications achieve
5. Demonstrate the ability to conduct, coordinate, and complete basic fire cause and origin investigation and participate, under supervision, in the investigation of complex fire situations.

Measured by;

- a. CWE observation reports
- b. Term evaluations

Unit Plan 2012-2013

September 1, 2012

Academic Program	Fire Protection Technology
Program Chair	William R. Klein
Dean	
Executive Dean	Johnny Mack
