It is the policy of Chemeketa Community College and its Board that there will be no discrimination or harassment on the basis of race, religion, color, sex, age, national origin, ethnic origin, sexual orientation, gender identity, marital status, citizenship status, pregnancy and related conditions, family relationship, veteran's status, disabilities, tobacco usage during work hours, whistle blowing, victim of domestic violence and genetic information in any educational programs, activities or employment. Persons having questions about equal opportunity/affirmative action should contact the Affirmative Action Officer at 4000 Lancaster Dr. NE, Salem, Oregon 97309-7070, or call 503.399.4784. To request this publication in an alternative format, please call 503.399.5192

Anesthesia Technician Program Information

Apply now for winter term entry. The Anesthesia Technician Program is a limited enrollment, two-year AAS degree program. Applicants must first meet with an advisor to review and complete the Academic Advising Worksheet (see page 5) before applying. Once the Academic Advising Worksheet is completed and signed by the advisor, students then can submit their application into the Health Sciences Department in Building 8, Room 104 on Chemeketa's Salem campus. At this time, they will be given their next steps for potential entry into the program which will include CPR requirement, immunization information, criminal background check and drug screen.

This cohort will have 20 seats. Preference will be given to applicants who: 1.) submit a signed Advising Worksheet 2.) submit immunizations and CPR requirement 3.) pass the criminal background check and drug screen.

Transcripts from Other Colleges and/or Universities

Applicants that have courses completed from other colleges and/or universities can submit official transcripts along with the "Request for Evaluation and Transfer of Previous Credit" form. **Please submit official transcripts and form to Enrollment Services, Building 2, Room 200.** <https://www.chemeketa.edu/media/content-assets/documents/pdf/admission/transfer-evaluation/RequestforEvaluationandTransferofPreviousCredits.pdf>

Once transcripts have been evaluated an Academic Advisor will review and sign the Advising Worksheet.

Immunizations and CPR

Applicants are required to submit copies of the following to Magnus Health: a.) the results of a current TB screening test; b.) documentation of immunity to chickenpox (varicella), measles, mumps, and rubella (MMR), diphtheria, pertussis, tetanus (Tdap), and hepatitis B; and c.) documentation of current CPR from the American Heart Association "BLS for Healthcare Providers" certification.

Information on the required immunizations and CPR will be provided at the time the Anesthesia Tech Program application is submitted.

Criminal Background Check and Drug Screen

Once the application has been received and the Dean of Health Sciences and Program Chair have reviewed potential students, the student will be required to pass a criminal background check and random drug screen which fulfills the requirements of clinical sites. If a potential student does not pass the criminal background check and or drug screen, the application will be denied.

Information on the required criminal background check and drug screen will be provided at the time the Anesthesia Tech Program application is submitted.

Technology Requirements

It is highly recommended that students have access to a computer with high speed internet access and a printer. Electronic technology is used extensively in the presentation of content throughout the Anesthesia Tech Program. If students do not possess their own equipment, they should plan to spend at least ten hours per week utilizing on-campus computer lab and/or library resources.

Student Accessibility Services

Students should seek accommodation advising as soon as possible after admission to the Anesthesia Technician program so that a plan for accommodation can be in place at the beginning of the program. Contact the Office of Student Accessibility Services to discuss the process of identifying reasonable accommodations. This office is located in Building 2, first floor (telephone 503.399.5192 [voice/TTY] or email studentaccess@chemeketa.edu). Reasonable accommodation will be directed toward providing an equal educational opportunity for students with disabilities while adhering to the standards of Anesthesia Technician practice for all students.

If a student is dissatisfied with any outcomes from Student Accessibility Services, they may appeal the decision through the Dean of Health Sciences.

Disclosure of Student Information

In compliance with the Family Educational Rights and Privacy Act (FERPA), Chemeketa Community College releases only very limited information regarding students. All Anesthesia Technician students, including those who have filed a Request for Non-Disclosure of Student Information Form, should be aware that some confidential information may be shared. Contracts with many practicum placement sites require that the criminal background check information be made available about students placed at these sites. This information is needed for purposes of student and patient safety.

Every effort is made to limit access to confidential student information to those who have a need to know. For more information regarding Non-Disclosure of Student Information, contact Enrollment Services at 503 399-5001.

Course Costs

The fees for the program are subject to change.
