Human Services Program Information

The Human Services Program is a limited enrollment AAS degree. Applicants admitted in a cohort are required to follow the courses outlined for each term as it is written in the catalog or as approved with your program advisor. Students who successfully meet program requirements each term continue in the Human Services courses of the subsequent term.

A) Disclosure of Student Information

In compliance with the Family Educational Rights and Privacy Act (FERPA), Chemeketa Community College releases only very limited information regarding students. All Human Services students, including those who have filed a Request for Non-Disclosure of Student Information Form, should be aware that some confidential information may be shared. Contracts with practicum placement sites require that the following information be made available about students placed at these sites: immunization status. Students may also be required to submit to a 10-panel drug screen urinalysis (UA) as requested by the practicum site. The results of this test will be made available to the requesting practicum site. This information is needed for purposes of student and patient safety.

Every effort is made to limit access to confidential student information to those who have a need to know. For more information regarding Non-Disclosure of Student Information, contact the Enrollment Services at 503-399-5001.

B) Criminal Background Check and Drug Screening

This program does not require background checks or drug screening before entering into the program. Job applicants, existing employees, and volunteers may be required to submit to background checks and/or drug screens by federal or state law. For more information, visit privacyrights.org. **NOTE: students recovering from chemical dependency who elect the Addiction Studies degree must have a minimum of two years of continuous sobriety in an unrestricted environment before commencing practicum.**

Students with criminal histories may be prevented from obtaining certain field work experiences.

If a student is arrested during the time he/she is enrolled in the Program, he/she must notify the Program Chair of the Human Services Program of the arrest. The student's status in the Program will be reviewed by the Human Services Program Chair and the Health Sciences Dean's office, and a possible outcome of the review may be the student's inability to continue in the Program.

C) Technology Requirements

It is highly recommended that students have access to a computer with high speed internet access and a printer. Electronic technology is used extensively in the presentation of content throughout the Human Services Program. If students do not possess their own equipment, they should plan to spend at least ten hours per week utilizing on-campus computer lab and/or library resources.

Student Accessibility Services

Students should seek accommodation advising as soon as possible after admission to the Human Services program so that a plan for accommodation can be in place at the beginning of the program. Contact the Office of Student Accessibility Services to discuss the process of identifying reasonable accommodations. This office is located in Building 2, first floor (telephone 503.399.5192 [voice/TTY] or email studentaccess@chemeketa.edu). Reasonable accommodation will be directed toward providing an equal educational opportunity for students with disabilities while adhering to the standards of Human Services practice for all students.

If a student is dissatisfied with any outcomes from Student Accessibility Services, they may appeal the decision through the Health Sciences Dean.

Course Cost

The fees for the program are subject to change.

Health Sciences
Immunizations

The Oregon Health Authority has established standards for requirements for health professional student placements in clinical training settings within the State of Oregon. Immunizations include Measles, Mumps and rubella (MMR). All reports of immunization status must be on official records, signed by a qualified healthcare professional, and must be complete before you are eligible to register for Health Sciences courses. We accept copies of childhood immunizations.

MANDATORY IMMUNIZATION REQUIREMENTS:
COPIES ONLY – NO ORIGINALS

1. Measles, Mumps, Rubella (MMR) vaccine

- Proof of two doses of MMR; second dose of MMR **cannot** be given sooner than 28 days after first dose *or*
 - Proof of positive titer
 - Documentation will be gathered when you take the HS170 class.

Exemptions to the requirements for immunizations may be claimed by students for medical or non-medical reasons. Documentation for exemption requires one or more of the following:

a. Medical –

A written statement of exemption signed by a licensed independent practitioner; or

b. Non-Medical –

A signed Vaccine Education Certificate you receive after talking with your healthcare provider *or* watching the College Measles Module online and printing and signing the Vaccine Education Certificate at the end of the module. You can find more information at:

<http://public.health.oregon.gov/PreventionWellness/VaccinesImmunization/Gettingimmunized/Pages/non-medical-exemption.aspx>

IMPORTANT: Students who exempt themselves from the vaccination requirements should be aware that circumstances may arise that would require their exclusion from clinical and/or classroom settings. Also, illness that may result from lack of immunizations may prevent students from attending class or clinical sessions. Either exclusion from clinical and/or class or missed time due to illness may result in an inability to meet course requirements and, therefore, the need to withdraw from Human Services program.

Disability Accommodations (if requested): Medical evaluations of physical capacity may be necessary to provide information needed to accommodate functional limitations. When needed for this purpose, reports of an examination conducted by a licensed healthcare professional may be required from students. Students requesting accommodations should make an appointment with the College's Office for Student Accessibility Services at 503-399-5192.
